

Hi, I am Phyllis Ensley, and I am your national and regional show photographer. My team and myself are not your usual show photographers so I want to tell you a little about us. We provide win shots as well as so much more. We will be taking movement pictures at the 2020 and 2021 national as well as the regional. We will also be photographing agility. These pictures will be available to view and purchase at the show. We will have 4 viewing stations for exhibitors to sit down and look at their pictures. We are open during show hours as well as at night, often very late. Enjoy the show and come by with your friends afterwards. We know how to have fun and will be there. Our next claim to fame is that we offer all your movement and performance pictures for a package price while at the show. This is our "show special" (This "show special" is only available during the week of the national). We highly recommend that you come by the booth every day and put your pictures into a folder. There is no requirement to buy but you don't want to wait till the last day to start. It gets very, very busy at the end. We have a great team of people who will help you view your pictures and build your folder. We also deliver our pictures at the show, pictures ordered on the last day may have to be shipped. All pictures will be available to view and purchase online after the show, except for the "show special".

Win shots- we take pride in our win shots. We try to take the time needed to get you a great shot. We offer our win pictures digitally, printed or a combo of both. We can even put them in a personalized collage. We deliver most win shots at the show, pictures ordered on the last day may have to be shipped. So, stop by and meet us, see what we have to offer. We love what we do and it shows.

Thank you,
Phyllis
