Dear Members,

I hope everyone is enjoying a wonderful holiday season which means the New York specialties are right around the corner. I'm sure many of us are already planning for our trip to the Big Apple. The show will be held at the Wyndham New Yorker Hotel on Sunday, February 15, 2015. The theme for this year is "New Yorkie!.....New Yorkie!". We have a great panel of judges with Carole Della Penna judging sweepstakes and Lydia Coleman Hutchinson judging all the classes. Awards will be presented at the membership meeting. The planning book is on the website, and the premium list will be out soon. Both the YTCA and the Greater New York club plan on making the event worth your trip to New York.

Please remember that our Roving National for 2015 will be held June 10-14 in Louisville, Kentucky at the Crowne Plaza Louisville Airport Hotel hosted by the Ohio Valley Yorkshire Terrier Club of Kentucky. Lin Fryman is the 2015 Roving Show Chair and she will need members to volunteer to make it a success. There will be three conformation shows, as well as six companion event trials and plenty of other activities for everybody to have a really great time!

We are still looking for a venue for our 2016 National Roving Specialty Show. If you are interested or considering putting in a bid, please let us know as soon as possible.

The offices of Vice President (Vicki Meadows), Secretary (Wendy Doss) and the Board positions of Cookie Rogan, Helen Scott, and Jennie Wright are up for election this year. Members of the Nominating Committee are Carole Della Penna, Chair (FL), Janet Jackson (CA), Jerry Miller (NM), Mary Nehf (IL) and Shirley Petterson (PA). The nominating committee's choices will be announced soon and nominations from the floor will be accepted.

Have a great New Year with many wins, and I hope to see you all in New York!

Sincerely,

Bob

We received two responses to the letter sent to the Regional YT clubs regarding hosting a roving specialty.

New medallions were ordered and the awards company has a problem that is holding up shipment. The mold cracked at the manufacturer and we have to wait for them to get a new one made, then the new order will be processed. Pat is currently working on the new dues renewal form.

REPORTS OF COMMITTEES:

HEALTH COMMITTEE: Bob reported they need more microchips. Vicki Meadows currently has 16 microchips in her possession, which she intends to ship to New York along with the scanner. Matina wants to order box of 25 for 299 dollars from Revival. Meadows made a motion to allow health committee to order the microchip bundle from Revival. Miller seconded the motion. Motion passed unanimously. Georgina reported that Matina will bring several of the Heritage II books to New York which will be for sale to members. Also Matina would like suggestions for health related topics to go up on the website, her comments were, as there are many good articles in the Heritage II that are health related, could some of those be used. It was a collective suggestion that Matina seek permission from the authors of the articles and add some of these on the YTCA.org website.

UNFINISHED BUSINESS:

BY-LAWS – Sharon McCadam will be retiring from the committee. New names for committee discussed and will be contacted. Once in place work can begin on making any necessary changes or additions to the by-laws, as requested by the membership.

DIRECTORS AWARDS: Two names brought forth for Directors Award recipients, both names unanimously approved.

NEW BUSINESS:

Board Members Attending Specialties: The following motion was made by Wright.

I feel that by demanding or implying that board members must attend both specialties each year we are limiting the number of members that can run for the board. Some members who may not be able to attend both or either specialty but could be absolutely amazing and useful board members don't run because of that requirement. Anything that affects the entire membership I feel should be voted on by the membership. I make a motion that we let the members vote as to whether they feel all board members must attend both NY and the Roving Specialties. That a ballot will be sent out to the membership with the next YTCA mailing.

A discussion was held with the pros and cons being discussed by several board members.

Fallon seconded the motion. Voting Yes Fallon, Lambert, Wright. Voting No Owen, Meadows, Doss, Rogan, Scott. Abstain, Miller. Motion did not pass.

ADJOURNMENT: Wright made a motion to adjourn, motion seconded by Rogan. Voting yes Owen, Meadows, Doss, Fallon, Lambert, Miller, Rogan, Scott, Wright. . Motion passed unanimously.

YTCA FOUNDATION GRANT SUPPORT HISTORY

The Foundation's primary over all mission is "to support and promote research into hereditary and other diseases of Yorkshire Terriers and other breeds of dogs." Every year the Board diligently seeks out research being done that will address the conditions that were identified in the 2006 Health Survey.

Table I below is a summarization of the research the Foundation has supported through the years. It shows both the grants that have been supported through American Kennel Club - Canine Health Foundation (AKC-CHF) and Morris Animal Foundation (MAF). Table I only shows the grants our Foundation supported. Additionally, the Foundation has also supported the Five and Seven Year Rabies Challenge Fund as well as supporting a veterinary student at North Carolina State University College of Veterinary Medicine one year.

• These are only the grants funded by the YTCAF and do not include non-grant research studies and projects that have also been funded

First shown in Table I is the funding amounts required for each of the grants listed which has been awarded to the Principal Investigator by CHF or MAF. Next is shown the amount of the YTCAF's support for each of the grants; the amount in the yellow rectangle is for CHF and in the orange rectangle is for MAF. When a grant is supported, it is supported for the entire "Project Dates" of that particular grant. Also, please note the summary in the bottom row shows the total amount of grants the YTCAF is supporting in each particular year.

It is interesting also to note how many grants have been supported from the Foundation's funds and how that money was spent to support the specific health conditions. To show this breakdown, please review the following charts which are numbered Chart 1 for Health Condition; and, Chart 2 for Number of grants supported.

RESEARCH PER CENT SPENT PER HEALTH CONDITION

TOTAL NUMBER OF GRANTS SUPPORTED

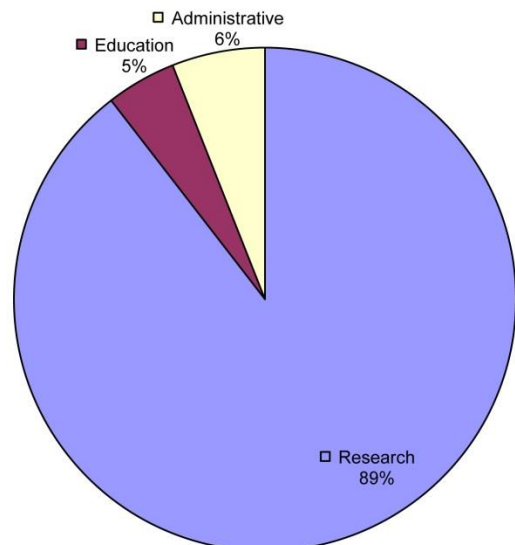

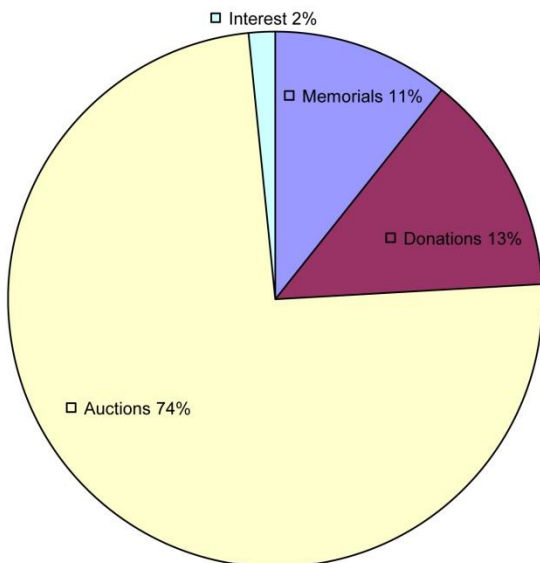

For example, in Chart 1 – 39% of our available funds that supported Liver Shunt research was 11 grants (Chart 2); 20% of funds for Cancer research was to support 6 grants; 11% of funds for Rabies Challenge was to support two research projects, etc.

----- PRESENT -----

2014 INCOME AND EXPENSE PERCENTAGE BREAKDOWN

2014 INCOME = \$5,611.30

2014 EXPENSES = \$8,936.91

As can be seen in Chart 3 and Chart 4 are the current year's income and expenses broken down in percentage by resources for the income and percentage of how expenses were addressed.

----- FUTURE -----

As 2014 comes to an end, the Foundation is pleased to have had two successful auctions and we have sponsored another grant on Liver Shunt and Liver Disease that looks very promising.

The Foundation Board also has been discussing a grant with a Researcher that may lead us to finding a genetic marker for Collapsed Trachea. This is exciting news and we will be providing you with more information on this in the weeks to come. In the 2006 Health Survey, Collapsed Trachea was the #1 health concern of Yorkshire Terrier breeders and fanciers and it is certainly a large concern for many of the other Toy dog breeds as well. Stay tuned for more information on this in the near future.

Hear Ye Hear Ye – A New Award For Yorkies In All The Rings!

dog activities.

The Versatility Award: Yorkshire Terriers are active and versatile dogs. They were bred to have the skills and drive to excel in the field, and are happiest when working closely with their owners. Modern day Yorkies and their owners use these skills to compete in the many dog sports available today. To recognize and preserve these traits and to encourage owners to enjoy them, the YTCA offers the Versatility Awards, which reward participation in a variety of

The Versatility Award is designed so that the average Yorkie and owner, with some effort, can earn one. It asks for one title in three different fields, and a total of seven points. As a conformation title is not required, these awards are open to the pet as well as to the champion. Earning the Versatility Award demonstrates that the Yorkie and owner have put in a concentrated amount of time and effort in training as well as showing and trialing. While YTCA is recognizing and rewarding dog sport activities with the Versatility Award, we also recognize that there are many Yorkies involved in activities that do not offer titles. We know of one herding Yorkie, some Frisbee Yorkies and a number of racing Yorkies. The options of activities for the Yorkshire Terrier is infinite as they are truly a versatile breed.

REQUIREMENTS: YTCA membership of owner or co-owner at the time of application is required. Versatility Award requires 7 stars in a minimum of three of the categories. Versatility Excellent Award requires 12 or more stars in a minimum of four of the categories included. These categories include Conformation, Rally, Obedience, Agility, Coursing, Barn Hunt, Nose Work, Flyball, Freestyle, Citizenship, Earth Dog, Dock Diving, Trick Dog, Search and Rescue.

Awards will be processed annually awarded at the National Specialty. This award was approved by the board at their August meeting in St. Louis. The application form and additional details are available on the YTCA website.

We are working on a National Specialty Versatility Award that will be awarded at each National Specialty and will cover only that show. We expect to have it ready at the 2015 Louisville, KY National Specialty. It will be similar to the Spirit Award given in 2014 in St. Louis. We want to call it the Yorkie Spirit Award!

Yorkies In The Other Rings!!!

Just what are all these Yorkies doing in other rings and activities? The Companion/Performance Committee has been working on a Versatility Award that will recognize Yorkie teams that are working in many areas of companion and performance events. With this in mind and having been asked recently to contribute to a dog magazine that is putting out an on-line book about Yorkies, we started to check with others on what they are doing with their Yorkies.

We know about the AKC recognized sports and recognized titling events. There is Agility, Barn Hunt, Canine Good Citizen, Therapy Dog, Coursing, Dock Diving, Earth Dog, Fly Ball, Rally, Obedience, Tracking, and Trick Dog. Yes, you did read that list correctly. Those are all titling activities that AKC either offers titles in directly or recognized titles offered by organizations recognized by AKC that can be earned by the Yorkshire Terrier. The only new one from the last year is Dock Diving. And we know of Yorkies who have either earned titles in each of these or are working actively on getting titles in them.

But what was surprising was what we found out that Yorkies were also doing in activities that either don't offer titles or are activities that don't include either Terriers or Toys to earn AKC titles. We were well aware of Yorkies doing Carting, Freestyle Dancing, Frisbee, and Terrier Racing but we had no idea that we have Yorkies Herding or Weight Pulling. When someone suggested Herding, I asked if the person really knew of a Yorkie who was really, really herding. I got a quick reply and a You Tube link. I'll share this YouTube video:

<https://www.youtube.com/watch?v=X8ZvkXpdYX0> or try search 'Herding Yorkies' and find a whole list of videos that show different Yorkies herding – mostly sheep. Okay so there are Yorkies who herd! And I have photos of weight pulling Yorkies. I am sure that I will be getting more photos and videos showing our amazingly versatile breed. I am waiting for a video of a gun dog Yorkie with a Yorkie retrieving a duck.

What it means is that are a great many of us who love our breed and love living with our breed and that we take our dogs and have them play and work with us. We may be working on titles or we may be just out there doing but our dogs are with us. After all, what can you expect from a breed that includes the famous Smokey?

By our National Specialty in June we hope to have the Versatility Award approved and ready for people to apply for and a Versatility National Specialty Award that will be earned at that event. In the meantime we are working on our rings for the first National Specialty in a few years that will have Companion/Performance events.

The Companion/Performance Events Committee wants to encourage everyone to participate in one or all of the many Companion and Performance Events open to our breed. A busy, working Yorkie is a happy Yorkie. We also want to encourage the many people training and showing their Yorkies to become members of YTCA and get involved with YTCA.

Report of AKC delegates meeting December 13, 2014, Orlando, FL

Mr. James Crowley announced that the Nominating Committee: Mr. Wayne Boyd, Chair, Connie Clare, Linda Ayres Turner, Gail LaBerge appointed by the Board of Directors at the July 14, 2014 meeting, has nominated the following Delegates as candidates for such vacancies on the Board of Directors as are to be filled at the next annual meeting of the club on March 10th, 2015. There are three vacancies for the class of 2019. Dr. Carmen L. Battaglia, German Shepherd dog Club of America; Dr. Thomas Davies, Springfield Kennel Club, Steven D. Gladstone, Waterloo Kennel Club, Pursuant to Article VIII of the Bylaws of the AKC the following Delegates have been endorsed in writing by the required number of Delegates as candidates for the vacancies on the Board of Directors for the Class of 2019, to be filled at the next annual meeting of the Club on March 10, 2015: Robert A. Amen, Dr. Gregory J. Pavenza, Nominations were closed.

Mr. Alan Kalter, spoke about breeders who adhere to the motto "Breed to Improve". "This large family of AKC breeders share the beliefs that guide their breeding program for a lifetime. Responsible breeders - in their efforts to protect, preserve, and improve their breeds with litter - embrace the advances in health screening and tests. These breeders apply their understanding of the science of genetics by utilizing the screening protocols designed to aid in the selection of a sire and dam. These breeders understand that education is the most powerful tool one can use to improve a breeding program. So they invest in lifelong learning to keep their commitment to continuous improvement. These breeders are accountable for their breeding programs, responsible for the safe environment, and well-being of their dogs".

The AKC Staff and Board have been working on a program to be launched next year. The essence of the program is built on the principles embraced by our most experienced breeders today - health, education, accountability, responsibility, and tradition. The program will allow us to engage and educate a wide scope of breeders on the best breeding practices, while also creating an identifiable resource for the general public to find puppies from responsible breeders who are demonstrating a validated commitment to health testing. Breeders in this program must agree to the following: They must certify that applicable health screens as recommended by the Parent Club for that breed are performed on their breeding stock and they must be prepared to supply proof of such compliance upon request. They must comply with the AKC Care and Conditions Policy, including inspections by the AKC. They must comply with all applicable federal, state, and local laws and regulations regarding ownership and maintenance of dogs. They must complete continuing breeder education courses provided or approved by the AKC on an annual basis. Additionally, under this program, the AKC is creating the best free of charge online resource for breeder education in the world. This resource will continue to grow in depth and breadth, serving the needs of all breeders. AKC intends to do all that it can to support those breeders who share our commitment and are willing to accept the responsibility of continuous improvement for the good of all dogs."

Mr. Sprung announced that last November the AKC intended to reduce their amount of rental space currently utilized in the North Carolina facility. Beginning next year, most of the registration and customer service departments, consisting of about 40 people, will begin working from their homes.

There is a proposed amendment to Chapter 11, Section 1, Dog Show Entries, Conditions Affecting Eligibility of the Rules Applying to Dog Shows, would change the timeframe at which

the limited registration must be removed for a dog to compete in a breed competition. Currently, the limited designation must be removed prior to the closing date. This amendment would make it the day of the show rather than the date of the closing date, when the dog would have to have a full registration to compete. This amendment was brought forward by the Dog Show Rules Committee. It will be published in two issues of the online AKC Gazette, and delegates will be asked to vote on it at the March 2015 meeting

The following changes to Rules Applying to Dog Shows Chapter 2, Sections 2 - 16 Territories (were voted unanimously). **changes** in parenthesis ().

Section 2. Each club or association which has held a show or shows in any one year shall have first right to claim the corresponding dates for its show or shows to be held in the next succeeding year. Section 3. Each club or association which shall hold a show (in its territory) at least once in every two consecutive calendar years shall have the sole show privilege in the city, town, or district (of its) assigned territory (for a period of 60 days before and 30 days after each of its shows.)

(A club may continue to be approved to hold a show in another club's territory within the 90 days period referenced above, if the written consent is obtained from the club assigned to that territory.)

(If the club in whose territory the event is to be held unreasonably withholds such written consent, the other club may appeal to the Board of The parties shall present their contentions in writing, to a committee appointed by said Board, or appointed by the President of the American Kennel Club if between board meetings, or, in the President's absences, appointed by the Executive Secretary, Said committee may, in its discretion, issue an approval to the other club to hold such show within the assigned club's territory.

Section 4. A club or association must apply to the American Kennel Club on a regular official form, which will be supplied on request, over the signature of one of its officers, for permission to hold a show, stating in the application on the day or days upon which, and the exact location where it desires to hold such a show. This official form must be sent in time to reach the American Kennel Club at least EIGHTEEN weeks before the closing date for entries of the show. This application will be referred to the Board of Directors of the American Kennel Club which will consider the same and notify the member club or association of its approval or disapproval of the dates and place selected.

Sections 5-7 will be deleted.

Sections 8 - 16 will be renumbered.

New Section 14 - to allow for clubs to have digital copies of documents

Section 14. All clubs holding shows under American Kennel Club rules must have available at each event, a copy of the latest edition of The Complete Dog Book or a current set of the applicable breed standards, Rules Applying to Dog Shows, Rules Applying to Registration and Discipline, the Dealing with Misconduct booklet, and Show/Trial Manual, The obedience Regulations and Guidelines for Obedience Judges, and/or Regulations, Judging Guidelines and Guidelines for Juniors, must be available when applicable.

Respectfully submitted,

Claudia Grunstra Pierro

Official Standard of the Yorkshire Terrier

General Appearance

That of a long-haired toy terrier whose blue and tan coat is parted on the face and from the base of the skull to the end of the tail and hangs evenly and quite straight down each side of body. The body is neat, compact and well proportioned. The dog's high head carriage and confident manner should give the appearance of vigor and self importance.

Head

Small and rather flat on top, the skull not too prominent or round, the muzzle not too long, with the bite neither undershot nor overshot and teeth sound. Either scissors bite or level bite is acceptable. The nose is black. Eyes are medium in size and not too prominent; dark in color and sparkling with a sharp, intelligent expression. Eye rims are dark. Ears are small, V-shaped, carried erect and set not too far apart.

Body

Well proportioned and very compact. The back is rather short, the back line level, with height at shoulder the same as at the rump.

Legs and Feet

Forelegs should be straight, elbows neither in nor out. Hind legs straight when viewed from behind, but stifles are moderately bent when viewed from the sides. Feet are round with black toenails. Dew claws, if any, are generally removed from the hind legs. Dew claws on the forelegs may be removed.

Tail

Docked to a medium length and carried slightly higher than the level of the back.

Coat

Quality, texture and quantity of coat are of prime importance. Hair is glossy, fine and silky in texture. Coat on the body is moderately long and perfectly straight (not wavy). It may be trimmed to floor length to give ease of movement and a neater appearance, if desired. The fall on the head is long, tied with one bow in center of head or parted in the middle and tied with two bows. Hair on muzzle is very long. Hair should be trimmed short on tips of ears and may be trimmed on feet to give them a neat appearance.

Colors

Puppies are born black and tan and are normally darker in body color, showing an intermingling of black hair in the tan until they are matured. Color of hair on body and richness of tan on head and legs are of prime importance in adult dogs, to which the following color requirements apply: BLUE: Is a dark steel blue, not a silver blue and not mingled with fawn, bronzy or black hairs. TAN: All tan hair is darker at the roots than in the middle, shading to still lighter tan at the tips. There should be no sooty or black hair intermingled with any of the tan.

Color on Body

The blue extends over the body from back of neck to root of tail. Hair on tail is a darker blue, especially at end of tail.

Head fall

A rich golden tan, deeper in color at sides of head, at ear roots and on the muzzle, with ears a deep rich tan. Tan color should not extend down on back of neck.

Chest and Legs

A bright, rich tan, not extending above the elbow on the forelegs nor above the stifle on the hind legs.

Weight

Must not exceed seven pounds.

Disqualification

Any solid color or combination of colors other than blue and tan as described above. Any white markings other than a small white spot on the forechest that does not exceed 1 inch at its longest dimension.
