1. Guests should be directed to Riverside Doctors' Hospital Williamsburg, 1500 Commonwealth Ave., Williamsburg, VA 23185. Phone 757-585-2200
2. In an emergency situation such as a heart attack, drowning or fall, the victim should be responded to in an appropriate manner administer CPR (if certified) and an ambulance should be called by dialing 911.
3. Try to notify next of kin or a friend traveling with the group.

## **Disaster Evacuation Procedures**

1. In the case of a severe weather storm or other instances not including a fire evacuation, leave your room immediately and head for the nearest stairwell. **DO NOT USE THE ELEVATORS.**
2. Go to the lowest level of the hotel and wait for further instructions.
3. Do not stand near any windows.
4. Utilize the same system for removing your dogs from the room (a large pillowcase) unless you are able to carry the crate with you. Take your room key.
5. Follow instructions from hotel management and/or fire and police personnel.

## **Dog Evacuation Procedures**

1. In the case of a fire or other evacuation, have a king size pillowcase nearby. Place as many dogs as possible in the pillowcase and twist the top. This will enable you to carry them out of the building safely. There is no chance of suffocation to the dogs inside the case.
2. It's a good idea to keep a few leads inside the case. When you reach the outside you have some way to keep control of the animals.
3. Do not endanger your life or the lives of others in your room by spending time searching for your dogs. If they are properly penned or crated, you should be able to gather them quickly and easily.
